

Chinmay Paliwal

Dedicated and enthusiastic web developer with a strong foundation in HTML, CSS, JavaScript, React.js, and Next.js. Hailing from the picturesque city of Udaipur, Rajasthan, I am driven by a passion for continuous learning and growth in the ever-evolving field of web development. Currently enhancing my skills in backend technologies such as MongoDB, Node.js, and SQL. My commitment to excellence, adaptability to new technologies, and eagerness to contribute make me a valuable asset to any team.

Work Experience

Front End Developer , Kiwi Commerce , udaipur

From January to August 2024, I completed a 3-month internship in web development, where I gained hands-on experience in responsive design and worked on 4 projects (3 in React.js and 1 in JavaScript). After the internship, I worked for 5 months as a Frontend Developer at Kiwi Commerce, focusing on building responsive web interfaces using React.js.

Projects

Weather Report App

Created a weather report app using React and Tailwind CSS, integrating a weather API to fetch real-time data. Implemented a clean, responsive interface with detailed weather forecasts and search functionality, emphasizing user experience and performance optimization.

Amazon Clone

Developed an Amazon clone using React and Tailwind CSS, implementing a responsive design and reusable components. Features included product listings, a shopping cart, and a checkout flow, showcasing proficiency in building dynamic user interfaces with React and styling with Tailwind CSS.

Rental Website

Currently developing a rental website using Next.js and Tailwind CSS. This project focuses on building a responsive frontend while gaining hands-on experience with backend development concepts and server-side functionalities.

Live Projects with NextJS & Tailwind CSS

Led the design and development of responsive web pages using React, Next.js, and Tailwind CSS. Built adaptive layouts and showcased expertise in Tailwind's utility-first approach, React's components, and Next.js's server-side rendering.
